Suraj Katyayan

Frontend Developer

katyayansuraj@gmail.com | +91 7042019352 | www.surajcodes.in

www.linkedin.com/in/surajxweb | www.github.com/surajxweb

Objective

As a proficient web developer with a year of experience in an e-commerce startup environment, I am actively seeking new opportunities to leverage my expertise in **JavaScript**, **React** and **Next.js** to drive innovation in projects with a broader user base.

Work Experience

FRONTEND ENGINEER
Kalarric Lifestyle
MAY 2022 - SEP 2023

- Built the e-commerce web app using React and NextJs 13 with smooth user experience and flows.
- Built an admin dashboard to oversee orders and critical info.
- Integrated with the backend team to make changes regarding API.

FRONTEND INTERN
Verb Studio (Acquired by KAFQA)
JAN 2022 - MAR 2022

- Built reusable code structures and libraries for scaling.
- Coordinated with other teams across the VERB to support VERB studio in achieving its goal

Projects

THE MOVIE WATCHER | NOV 2023

www.screenverse.xyz

A NextJS Movies App that allows users to search for movies and TV shows; and create a watch list and a list of recommendations.

TONY AND PETER | OCT 2023

www.tonyandpeter.com

A pop culture news portal web application built on React, NextJS and GraphQL.
